

NEW GENERATION Shredders

intimus[®]
SERIOUS PERFORMANCE

NEW

Model 32CC

Actual Shred Size

5/32" x 1 1/8"

i-control[®]

System instantly informs the user of the shredder status: Child safety lockout, oil indicator, bin open, paper jam, bin full and motor overheat lights.

Silentec[®]

innovative sound dampening system that produces whisper quiet operation; spring mounted shredder block absorb sound waves before you hear them.

2x2

cut & collect system segregates paper waste from CDs, plastic cards and diskettes; environmentally friendly recycle separation of paper and non-paper waste.

The all **NEW** Intimus Pro 32CC is lightweight and has all new advanced I-Control, silentec and 2X2. With the high quality and high performance that Intimus provides, these units easily outrank the competition. Your guarantee of perfect safety and privacy.

NEW GENERATION Shredders

intimus[®]
SERIOUS PERFORMANCE

The Heart of the intimus[®] Shredder

The key to the success of data shredders lies in the infeed behavior and in the geometry of the cutting shafts. Both factors are vital for high performance and for the required shred size. The cutting shafts of the intimus[®] PRO data shredders are made of specially hardened steel. They are wear-free and can handle paper clips and staples. CDs, and plastic cards are shred with the same precision in a separate cutting unit. The use of two pairs of cutting cylinders reduces system load and guarantees long service life.

Features

- For small offices
- Auto On/Off and reverse in case of jams
- Cross cuts have an "Oiling Required" light to let you know when to oil
- Locking casters for effortless moving and stay in place operation
- Solid hardened steel cutting cylinders
- Waste capacity is 8.8 gallons
- Lifetime limited warranty on cutting cylinders
- Accepts staples, paper clips, credit cards and CDs/DVDs

Item# 274164
