

MHP TECHNOLOGY

DAHLE 406air

Innovative document shredder with MHP Technology®
for superb performance - without any oil whatsoever

Shredding capacity: 15-17 sheets (A4 80gsm)
Shred width: 4mm x 40mm
Security levels: P-4/F-1/O-3/T-4/E-3

- User-friendly document shredder for departmental use
- Innovative MHP® (Matrix High Performance) cutters: high-quality compound steel cutters that are guaranteed to last
- Patented manufacturing process preserves resources by considerable saving of raw materials compared to a conventional production of cutting cylinders
- Oil and maintenance free operation
- Systematic use of perfectly matched components ensures optimum functionality and shredding performance
- Clearly designed, user-friendly control panel
- Integrated light barrier for automatic start and stop
- Convenient auto reversing function clears feed opening if overloaded with paper
- Convenient feed and reverse function for manual control
- Motor cuts out automatically when waste bag is full or door is open
- Energy-saving sleep mode after 10 mins at idle and auto shutdown after 30 mins
- Powerful motor for high capacity and longer running times
- Extremely quiet operation for a particularly pleasant working atmosphere
- Separate CD feed opening and waste box for reliable, environmentally friendly shredding
- High-quality wooden cabinet in modern design fits into any office
- 2 year warranty
- Separate main switch for completely shutting down the document shredder
- Practical IEC power connector can be unplugged from the document shredder
- Includes 10 strong waste bags suitable for re-use (Item no. 20707)
- Dimensions (H x W x D): 865 x 545 x 435 mm

CE Compliant

High volume document shredder - maximum performance to meet high expectations

Entry width 260mm

Waste collection volume 60 litres

Cross cut 4mm x 40mm

Wattage 650 watts

Convenient swivel casters with brake for reliably keeping the document shredder firmly in place

Carries the GS Intertek test mark

Comfortable and environmentally friendly shredding - no time-consuming lubrication of the cutting cylinders required

Extremely quiet operation for a particularly pleasant working atmosphere. 46 dB (A) when idle.
